

ATS Evaluation Report

Candidate Resume: resume.docx

Target Job Profile: ai eengineer

ATS MATCH SCORE	SKILL MATCH	SEMANTIC MATCH	SECTION MATCH
42.9%	50.0%	7.2%	100.0%

Skills Match Analysis

Matching Skills: java

Missing Skills: nlp

Actionable Suggestions

- Incorporate these missing skills from the job description: nlp.
- The wording in your resume is significantly different from the job description. Try to rephrase your experience to match the terminology used in the job description.

Evaluation Metrics Information

This evaluation utilizes a three-dimensional scoring system. The **Skill Match Score** checks exact matches of key technical terms. The **Semantic Match Score** evaluates language compatibility using NLP Vectorization and Cosine Similarity. The **Section Match Score** verifies that standard segments (Education, Experience, Skills, Projects, Certifications) are present.
